

A Bachelor's Degree is worth... **more than \$2.1 million over 40 years (Employment Policy Foundation)**

EDUCATION IS POWER **EDUCATION IS POWER**

- All 7 of the job categories predicted to grow faster than average during the next decade require a college diploma (U.S. Department of Labor).

BETTER PAY **BETTER PAY**

- Department of Labor reports that employment for those with their bachelor's degree grew by 1.8 million during the past 10 years, while those armed with only a high school diploma dropped nearly 700,000.

BETTER HEALTH **BETTER HEALTH**

- College Graduates generally enjoy a higher level of savings, increased personal/professional mobility, improved quality of life for their children, and experience better health over their lifetime (Arizona Republic, 2004).

BETTER QUALITY OF LIFE **BETTER QUALITY OF LIFE**
